to find out more about the event

Experience the FREE SOFTWARE difference for yourself

The open day will promote free software and free software concepts to home, education, business and government computer users. Supported by TechnologyWise and the local BOP Linux User Group, volunteers will show visitors a wide range of software including areas such as audio-visual, astronomy, business, design, educational, games, genealogy, libraries, music, and programming. For more information phone 571 1060 or email info@boplug.co.nz

DON'T MISS THIS FREE EVENT!
Demonstrations, talks, prizes and giveaways

Talks will include:

- Free vs Paid Software - What Can I Use?
- OSS in Small & Medium Enterprises and Not for Profits
- Copyright - Why Free content matters.

see the website for more details
